

*HD Yorkie Bears
Breeding Code of Ethics*

As a Yorkshire Terrier breeder my goal is to breed top quality AKC Yorkie puppies. My Yorkies are carefully chosen for their quality in appearance, disposition, genetics, bloodlines and health. I take my breeding responsibility seriously and do everything I can to ensure I am producing the best quality standard of the breed as possible.

A puppy from HD Yorkie Bears will be of high quality genetics, healthy, and happy; a win-win situation for you, me, and the Yorkshire Terrier Breed!

My puppies are raised in a loving, nurturing environment with lots of affection, individual attention and plenty of play-time. I have a responsibility to each and every puppy to ensure they are happy, healthy and well adjusted. I choose to keep my puppies for 8-12 weeks instead of the standard 6 weeks because I have experienced first hand how much those few extra weeks of socialization with litter mates and their mother greatly benefits each individual puppy.

Upon purchasing a puppy from HD Yorkie Bears you agree to provide the care and health maintenance required by your new puppy. I offer a lifetime return policy; if for any reason you can no longer care for your puppy please contact me. I will either take the puppy/dog back or help find a suitable home.

I feel my job as the breeder does not stop when you purchase your puppy, I will be available anytime you have any questions or concerns and would greatly enjoy updates and photos of your puppy. My number one care and concern is the welfare of my puppies and I will assist in any way that I can.

Thank you for choosing HD Yorkie Bears!
